Colour walk – God's colourful world

How it works – simply explained

- 1 Show the children the egg box with the coloured dots.
- 2 Explain: "We are looking for things outside that look just like the colours in the box."
- 3 Stay together and take your time – wondering matters more than speed.
- 4 Only pick up what lies on the ground or grows in plenty.
- 5 At the end, lay everything on the white sheet together.

 **Example:** "Look, my dot is yellow. Who can find something yellow? A flower? A leaf? Great – God made so many kinds of yellow!"

Safety

- Nothing goes in the mouth – do not collect berries or mushrooms.
- Check the area beforehand for glass, litter and dog mess.
- One leader walks at the front, one at the back.

Variations

- In autumn: collect only coloured leaves and make a leaf picture.
- Indoors: look for colours in the group room.
